

Vishnu K M

Full Stack Web Developer

Trivandrum, Kerala | 9605323659 | vishnukmurali96@gmail.com | <https://kmvishnu.in> | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Web Developer with 4+ years of experience building and maintaining scalable web applications using React, Node.js, Express.js, and SQL databases. Experienced in full product development lifecycle, TypeScript migrations, API design, database optimization, and cloud deployments. Proven track record of delivering production-ready features in agile environments while maintaining code quality and performance.

CORE COMPETENCIES

- Full-Stack Application Development
- Frontend Architecture & Performance
- Backend API Development
- Database Design & Optimization
- Cloud Deployment & Maintenance
- TypeScript Migration & Modernization

TECHNICAL SKILLS

Frontend: React.js (Hooks, Context API), TypeScript, JavaScript (ES6+), Material UI (MUI), Tailwind CSS, Next.js, HTML5, CSS3.

Backend: Node.js, Express.js, RESTful APIs, Microservices.

Databases & ORMs: PostgreSQL, MongoDB, OpenSearch, MySQL, MSSQL, Redis, Sequelize, Prisma.

Cloud & Deployment: AWS (EC2, S3, RDS), Vercel, Render, Railway, Koyeb, Netlify.

Developer Tools: Git, GitHub, Jira, PM2, Postman.

Familiar With : React Native, Jest, NestJS.

WORK EXPERIENCE

Full Stack Web Developer | **Synergy Edutech Pvt Ltd** | *Mar 2025 – Present*

- Developing and maintaining an AI-enabled learning platform using React, Node.js, Express.js, and PostgreSQL, serving **1,000+** active users while delivering **10+** production-ready modules across frontend and backend.
- Architected and integrated Sequelize ORM into a core backend service, reducing raw SQL complexity by **80%** and significantly increasing codebase maintainability.
- Spearheaded the architectural migration of a legacy frontend codebase from JavaScript to TypeScript (**90%+** coverage), slashing runtime errors by **30–40%**.
- Improved API performance by **~25%** through query optimization and efficient indexing in PostgreSQL.
- Enhanced frontend performance, reducing page load time by **~20%** using lazy loading and component-level optimizations.
- Collaborated with a team of **5+ engineers**, ensuring timely delivery and high code quality through reviews.
- Delivered **5+ major feature releases** with minimal production issues and improved overall system stability.

Frontend Developer | **Netrox IT Solutions, Trivandrum, Kerala** | *Nov 2024 – Jan 2025*

- Developed interactive UI for *Visual Take* (movie-based app) using React.js, improving user engagement by **~25%**.
- Built **15+ reusable components** with Tailwind CSS, reducing UI development time by **30%**.
- Ensured mobile responsiveness across **5+ device screen sizes**.

Full Stack Web Developer | UST, Trivandrum, Kerala | Nov 2021 – Nov 2024

- Contributed to **AppSec platform**, supporting secure web application testing for enterprise clients.
- Developed scalable frontend (React) and backend (Node.js, Express) services handling **1000+ API requests/day**.
- Designed and optimized databases (MySQL, MSSQL), reducing query execution time by **~35%**.
- Deployed and managed applications on AWS EC2, achieving **99.9% uptime** using PM2 process management.
- Utilized S3 for storage, handling **GB-scale file uploads** securely.
- Actively participated in Agile workflows using Jira, contributing to **20+ sprint cycles**.
- Identified and fixed **50+ security vulnerabilities/bugs**, improving application reliability.

Personal & Freelance Projects

Selected projects are listed below. Additional deployments and repositories are available in my portfolio (kmvishnu.in).

BookMyStay – Hotel Management System | React.js, Tailwind CSS, Node.js, Express.js, PostgreSQL

- Designed and developed a hotel booking and management platform consisting of a customer portal, admin dashboard, and owner portal.
- Developed REST APIs and PostgreSQL data models to support booking, property management, and user workflows.
- Implemented role-based access control (RBAC) for customers, administrators, and property owners.
- Deployed all applications on Vercel with responsive, mobile-friendly interfaces.

Live apps : [Customer Portal](#) / [Admin Portal](#) / [Owner Portal](#)

Freelance Web Development (Various Clients) | Next.js, Tailwind CSS, JavaScript

- Designed and deployed 4+ production-ready static websites for external clients, focusing on modern UI/UX design and mobile responsiveness.
- Optimized web performance, asset delivery, and SEO configurations to ensure high core web vitals and fast loading speeds.

EDUCATION

B Tech in Computer Science & Engineering

Rajiv Gandhi Institute of Technology, Government Engineering College, Kottayam | 2021

Diploma in Computer Technology

Sreerama Government Polytechnic College, Thriprayar | 2017

CERTIFICATIONS & TRAINING

- Microsoft Certified: Azure Fundamentals (AZ 900)
- Certificate in Android Programming – STED Council (Sep 2017 – Mar 2018)
